

Ideas visually evident:

Image is mysterious and has the focus softened to enhance the concept of how memory casts a haze on what we have experienced.

Materials used:

DSLR camera, Photoshop and Lightroom

Processes used:

Image shot to expose for dark areas. Lightroom used to bring in more exposure to sky (was too light and lacked detail). Used Lightroom to lessen clarity to create hazy quality. Used Photoshop to enhance contrast using Levels adjustment layer. Also used Photoshop to dodge and burn image.
