

Moorpark College Photography Course Grade Opportunity

Photo One/Two at NPHS has been articulated with Photo M10 (introductory photo class) at Moorpark College. This allows you to take this class here and possibly get college credit as well. Students do not have to attend Moorpark College to do this as the credits are transferable. If you know where you are going to college, you should check with their admissions office to see if this course would be accepted for credit at their institution.

This is not recommended for all students. There are extra commitments involved and students must take it seriously as Mr. Lindroth is volunteering his time to do this when he really should be paid extra for it. He is happy to do it, but it must not be forgotten that he does not have to do this as it is not in any contract to do so.

Please use the QR code to see more about this opportunity and exactly what you are committing to:

or go to
