

## Specific Categories to Classify Your Prints

Please realize that these are not all the categories that will be awarded. If your print does not fit into a specific category, it still can win. You can write "no category." Also, you can write more than one category for your image, however, the more categories you write, the more your photo may split votes between the categories you have listed.

Categories you can write on the post-its

### **Traditional Categories**

**Portrait** (headshot of person or animal)

**Figurative** (human or animal body – not in motion, full body, hands, legs, feet, etc.)

**Motion** (pan, blur, freeze)

**Close up Photo**

**Landscape** (cityscapes fall into this category)

**Structural** (buildings, human-made structures)

**Still Life** (small object(s) posed or candid)

### **Darkroom**

**Reveal the Roots** of film (film edge is shown)

**Darkroom Overlay Technique** (ortho-litho effects or texture screen)

**Sepia**

**Developer Technique** (spray developer, solarization, brushed on developer)

### **Specific Skills/Image Types**

**Difficult Light** (silhouette, low light levels, backlighting, bulb exposure)

**Text and Image** (meme, poems, other text, text within the photo subject itself)

**Traditional Hand Painting** (traditional on darkroom paper)

**Digital Hand Painting**

**Surreal/Altered Reality** (sandwiched negatives, montage, mosaic, Photoshop manipulations, reflections, etc.)

### **Emotions**

**Humorous**

**Joyful**

**Emo/Forlorn** (images that evoke the darker emotions)

**Mysterious**

**See other side for how post-it will look**

**On each Post-It, write this information**

**Number**

**(Mr. L will assign these to you)**

**Category(ies)**
