### **Parent/Guardian Approval:**

As a parent/guardian of a student petitioning into this course you must be aware of the rigor and costs associated with this class. This course is fast-paced and challenging. Your child is expected to be self-sufficient and self-motivated enough to maintain at least a B in this course. There are several costs that your family will have to pay for as well as paying for the cost of the portfolio submission to AP (if your child chooses to submit a portfolio to the College Board). If your family may have trouble covering these costs, there are limited funds the school can provide to qualified applicants – this is taken care of through the counseling department. If you have questions, please contact Mr. Lindroth at [elindroth@conejousd.org](mailto:elindroth@conejousd.org). Cost for the portfolio submission to the College Board is slightly over \$100 (the cost goes up may \$5 or so every few years). Cost for the class (materials) is around \$70-\$100 (or possibly more depending on how many images the student wants to put in the school art show).

I, \_\_\_\_\_, as the parent/guardian believe my child is capable of handling the rigor of this course and approve of his/her petition. I have read the AP Photo Petition Explanation.

Once this is done, return this to Mr. Lindroth. Failure to return this form to him will mean your name will be pulled off the roster.

I, \_\_\_\_\_, the student have read the AP Photo Petition Explanation and understand what is expected of me to enroll in the course. I understand that this is a rigorous course and I need to maintain at least a B.
