5/15	AP Studio Art Digital Portfolio Forwarded to Teacher Yes, AP says the deadline is May 26 – this is when the district must submit it. The portfolio must be approved by me and the DO before it can be sent off to AP. Trust me on this: some of the brightest students I have make several errors on this. There can be a lot of back and forth in getting it right (hopefully not – most get it right the first time – but there always a few who struggle)
5/29	All Students: Digitized AP Portfolio on slides (instructions will be provided) – this is for Mr. Lindroth not AP –but required: Not done? You will be issued an Incomplete for the course
